COMPENSATION REPORT

The compensation report describes the compensation principles and programs as well as the governance framework related to the compensation of the board of directors and the members of the executive committee of Bossard Holding AG. The report also provides details around the compensation awarded to those two bodies in the 2015 fiscal year.

The compensation report has been prepared in compliance with the Ordinance against Excessive Compensation in Listed Companies (VegüV), the principles of the Swiss Code of Best Practice for Corporate Governance of *economiesuisse* and the standard relating to information on Corporate Governance of the SIX Swiss Exchange.

1. COMPENSATION PHILOSOPHY AND PRINCIPLES

The compensation philosophy of Bossard Holding AG reflects the commitment to recruit, retain, motivate and develop well-qualified employees and executives at all levels in the organization. Compensation programs are designed to motivate executives to achieve the business objectives and to create long-term and sustainable value for the company. They are based on the following principles:

Pay for performance	A portion of compensation is directly linked to the sustainable success of the company and to individual contributions
Alignment to shareholders' interests	The compensation system strengthens the link to shareholders' interests through the delivery of part of the compensation in the form of shares or share-based payments
Balanced system	There is a healthy balance between fixed compensation and variable performance-based compensation (no excessive leverage of variable compensation)
Market competitiveness	Compensation levels are market competitive in order to attract and retain individuals with the required skill sets and leadership capabilities
Simplicity and transparency	Compensation programs are straightforward and transparent

2. COMPENSATION GOVERNANCE

2.1. ARTICLES OF ASSOCIATION

As required by the Ordinance against Excessive Compensation in Listed Companies (VegüV), the articles of association of Bossard Holding AG summarize the compensation principles and include the following provisions:

Compensation principles (articles 36 to 40): the compensation of the members of the board of directors and the executive committee consists of fixed and variable compensation. Variable compensation depends on the performance of the group, its businesses and/or individual contributions and may be paid out in cash and/or restricted shares. The variable compensation is capped to one time the annual fixed salary in order to avoid unexpected upward volatility of payouts. In addition, members of the executive committee may be awarded restricted stock units at the discretion of the board of directors.

Binding vote on compensation amounts of the board of directors and the executive committee (articles 11.8 and 43): the annual general meeting approves separately the maximum aggregate amounts of compensation payable to the board of directors and to the executive committee respectively, for the period from May 1 to April 30 of the following year. In addition, the annual general meeting has the opportunity to express its opinion on the compensation report in a consultative vote.

Additional amount for payments to members of the executive committee appointed after the vote on compensation at the annual general meeting (article 42): to the extent that the maximum aggregate compensation amount as

approved by the annual general meeting does not suffice, an amount of up to 30 percent of the maximum aggregate compensation amount approved for the executive committee is available, without further approval, for the compensation of the members of the executive committee who have been appointed after the annual general meeting.

Loans, credit facilities and post-employment benefits for members of the executive committee (article 41): the board of directors may, in justified cases, grant to members of the executive committee and persons related to them: mortgage-backed loans or credit up to a maximum of CHF 1 million per person, unsecured loans or credit up to a maximum of CHF 0.5 million per person, pension benefits outside the occupational pension scheme up to a maximum of CHF 0.5 million (one-time) per person.

2.2. COMPENSATION COMMITTEE

In accordance with the articles of association, the organizational rules of Bossard Holding AG and the compensation committee charter, the compensation committee is composed of at least three members of the board of directors that are elected individually by the annual general meeting for a period of one year. Subject to the approval of the annual general meeting, the representative of registered A shares is entitled to be a member of the compensation committee. The 2015 annual general meeting elected Prof. Dr. Stefan Michel (chairman), Helen Wetter-Bossard and Maria Teresa Vacalli as members of the compensation committee. All three members are independent in accordance with the regulations.

It is the responsibility of the compensation committee to:

- determine and regularly review the compensation policy and principles applicable to the board of directors and the executive committee, including the design of compensation programs and retirement benefits plans;
- propose to the board of directors the maximum aggregate amounts of compensation of the board of directors and of the executive committee to be submitted to the shareholders' vote at the annual general meeting;
- propose to the board of directors the individual compensation for the members of the board of directors, the CEO and the other members of the executive committee, within the limits approved by the annual general meeting;
- propose to the board of directors the performance objectives for the CEO and the other members of the executive committee and conduct a performance assessment against those objectives;
- review and approve the employment contracts of the executive committee members;
- prepare the compensation report.

The levels of authority between the CEO, the compensation committee (CC), the board of directors (BoD) and the annual general meeting (AGM) are summarized in the table below:

	CEO	CC	BoD	AGM
Compensation policy and principles		Proposes	Approves	
Maximum aggregate compensation amounts of the board of directors		Proposes	Reviews	Approves (binding vote)
Maximum aggregate compensation amounts of the executive committee		Proposes	Reviews	Approves (binding vote)
Individual compensation of members of the board of directors		Proposes	Approves	
Compensation of CEO including objectives setting and performance assessment		Proposes	Approves	
Individual compensation of members of the executive committee including objectives setting and performance assessment	Proposes	Reviews	Approves	
Compensation report		Proposes	Approves	Consultative vote

The compensation committee meets as often as business requires but at least twice a year. In 2015, it held two meetings, which all members attended.

As a general rule, the CEO participates in the meetings of the compensation committee in an advisory capacity. Members of the board of directors may attend the committee meetings (without voting rights) and other executives may be invited in an advisory capacity as well. However, the members of the board of directors and the executives abstain from voting when their own performance and/or compensation are being discussed. After each meeting, the chairman of the compensation committee reports to the board of directors on its activities and recommendations. The minutes of the compensation committee meetings are available to the full board of directors.

The compensation committee may retain external consultants to provide support in fulfilling its duties. In 2015, no such external advisors were engaged.

The compensation committee performs a self-evaluation at regular intervals.

2.3. METHOD OF DETERMINATION OF COMPENSATION

Benchmarking: in order to assess the market competitiveness of compensation and to determine appropriate compensation levels for the members of the board of directors and of the executive committee, the compensation committee periodically reviews the compensation reports published by other international industrial companies that are listed in Switzerland and comparable to Bossard in terms of size (market capitalization, employees, revenues), geographic scope and business complexity.

Performance management: the actual compensation effectively paid out in a given year to the executive committee members depends on their individual performance. Depending on the level of responsibility, the evaluation of individual performance takes into account the results of the entire group and/or of a business area. The performance evaluation is based on quantitative and qualitative assessment criteria. The quantitative elements are derived both from the current business results and from the longer-term value drivers, which are decisive for Bossard's future results and profitability. This is aligned to the value-oriented and sustainability-focused management approach implemented by Bossard. Qualitative criteria are derived from the company's strategic targets. Therefore, compensation reflects both the sustainable success of the company and the individual contributions.

3. COMPENSATION STRUCTURE – BOARD OF DIRECTORS

The compensation of the board of directors includes a fixed component and a variable component. The fixed component adequately compensates members of the board of directors for their time spent serving on the board of directors and on the committees. It amounts to CHF 200,000 for the chairman and to CHF 75,000 for the other members of the board of directors. The variable component corresponds to 0.1 percent of the consolidated net income multiplied by a factor based on the return on capital employed (ROCE) achieved. There is no variable compensation component if the return on capital employed is lower than 8 percent and the profit-related compensation is limited to a maximum of CHF 75,000 contingent upon a return on capital employed of more than 18 percent. In an average year, the total compensation for a member of the board of directors is expected to be around CHF 100,000. In case of outperformance, the total compensation is capped to a maximum of CHF 150,000. Those amounts are exclusive of social security contributions.

20 percent of the total compensation is paid in the form of registered A shares of Bossard Holding AG. Board members may elect to receive up to 50 percent (in total) of their total compensation in shares. The shares are subject to a restriction period of three years during which they can not be sold, transferred or pledged. The restriction period also applies in case of termination of mandate, except in case of termination following death where the restriction immediately lapses. The shares are priced at their market value, determined at the end of February of each year based on the average share price over the previous ten trading days, less a discount of approximately 16 percent for the three-year restriction period as permitted under Swiss tax law.

The decision on the proportion of compensation to be paid in shares (between 20 percent and 50 percent of total compensation) is made the day after the annual general meeting of shareholders. The shares required for the share plan are purchased on the market by Bossard Holding AG.

	FIXED COMPENSATION (IN CHF P.A.)	+	VARIABLE COMPENSATION (IN CHF P.A.)
Chairman of the board of directors	200,000		maximum 75,000
Members of the board of directors	75,000		maximum 75,000

4. COMPENSATION STRUCTURE – EXECUTIVE COMMITTEE

According to the compensation principles defined in section 1, the compensation of the executive committee includes the following elements:

- Fixed basic salary
- Variable compensation
- Management participation plan
- Occupational benefits

Structure of compensation of the executive committee:

	PURPOSE	DRIVERS	PERFORMANCE MEASURES	VEHICLE
Fixed basic salary	Attract & retain	Position, skills and experience		Monthly cash payments
Variable compensation	Pay for performance	Annual performance	Operational results, group net income, strategic goals	Annual bonus in cash
Management participation plan	Align to shareholders' interests, retain	Position	Share price evolution	RSU with three-year vesting period
Occupational benefits	Protect against risks, attract & retain	Market practice and position		Retirement plan, insurance, perquisites

4.1. FIXED BASIC SALARY

The annual fixed basic salary is a fixed remuneration paid in cash on a monthly basis. It reflects the scope and responsibilities of the role, the skills required to perform the role and the profile of the jobholder in terms of experience and capabilities.

4.2. VARIABLE COMPENSATION

The variable compensation rewards the achievement of annual financial goals and of individual strategic objectives agreed and evaluated within the annual objective-setting process.

The fixed basic salary and the expected variable compensation (assuming 100 percent achievement of all performance objectives) form the so-called total cash compensation. The target value of the total cash compensation of the CEO and the other executive committee members is reviewed annually based on the scope of the role, competitive market practice, individual profile and performance, as well as the company's affordability.

For the CEO, the fixed basic salary amounts to 65 percent of total cash compensation, while the variable compensation amounts to 35 percent (or 54 percent of annual fixed basic salary). For the other executive committee members, the fixed basic salary ranges from 63 percent to 69 percent of total cash compensation while the variable portion ranges from 31 percent to 37 percent. In order to maintain compensation at a reasonable level and to not encourage excessive risk taking or a focus on short-term decisions to the expense of the company's sustainable success, the variable compensation is capped at 100 percent of the annual fixed basic salary.

The variable compensation is based on two components:

- _ The financial performance of the group as a whole and/or its businesses;
- _ The achievement of individual strategic goals that are defined and reviewed annually by the board of directors.

The approximate weighting of those components is illustrated in the graph below. The weightings are defined as ranges because the system shall remain flexible enough to reflect specific strategic priorities for any business area in any given year.

COMPONENTS	CEO	CFO	OTHER MEMBERS OF THE EXECUTIVE COMMITTEE
Group	Operational results of all business areas	Operational results of all business areas	Group net income
Financial performance		Group net income	
80–100 percent	Own business area		Operational results of own business area
Strategic objectives	Individually determined		Individually determined
0–20 percent			

The financial objectives always include a measurement of profitability, such as group net income or business area operating profit, because profitability is absolutely critical to the long-term success of the company. In addition, financial objectives may also include a measurement of growth, such as revenue or revenue growth, depending on the strategic priorities of the respective business area. For each financial objective, an expected (target) level of performance is determined, either on the basis of the annual financial plan or of the previous year's achievements. In addition, a threshold level of performance, below which the payout factor is zero, and a maximum level of performance, above which the payout factor is capped, are determined as well.

The strategic objectives include more qualitative goals related to innovation, key project management and leadership.

Due to the commercial sensitivity of financial and strategic objectives, they are not being disclosed in the compensation report. However, the payout level of the variable compensation in the reporting year is explained and commented on in section 5.

The CEO and the other members of the executive committee may opt to receive up to 20 percent of their total cash compensation in the form of registered A shares of Bossard Holding AG. The shares are subject to a restriction period of three years during which they can not be sold, transferred or pledged. The restriction period also applies in case of termination of employment, except in case of termination following death where the restriction immediately lapses. The shares are priced at their market value, determined at the end of February of each year, based on the average share price over the previous ten trading days, less a discount of approximately 16 percent for the three-year restriction period as permitted under Swiss tax law. The decision on the proportion of compensation to be paid in shares (up to 20 percent) is made the day after the annual general meeting of shareholders. The shares required for the share plan are purchased on the market by Bossard Holding AG.

4.3. MANAGEMENT PARTICIPATION PLAN

The objectives of the management participation plan are to strengthen the link between management and shareholders' interests, to foster the participants' motivation and identification with the group, to let participants directly participate in the shareholder value created through share price appreciation, and to enable the company to attract and motivate highly-qualified employees.

The long-term management participation plan is offered to selected members of the management of the group in the form of restricted stock unit (RSU) awards. At the beginning of the vesting period, a number of RSUs are granted to each participant, which is based on a fixed sum. The conversion is carried out at market value in November and is based on the average share price over the last ten trading days in November. For members of the executive committee, the number of RSUs granted is determined at the discretion of the board of directors. For other participants, it is determined at the discretion of the CEO.

Each RSU is a conditional right to receive one registered A share of Bossard Holding AG after the vesting period. The RSUs vest conditionally upon the continuous employment of the participant at the vesting date and according to the following vesting schedule: one third of the RSUs vest three years after the grant date, one third vest four years after the grant date and the last third vest five years after the grant date. At the respective vesting date, the vested RSUs are converted into registered A shares of Bossard Holding AG. The shares are not subject to any further restrictions other than the general rules governing management transactions. In circumstances where the allocation of shares may be unsuitable or impractical, the award may be settled in cash.

Vesting period:

In case of termination of employment, the RSUs forfeit without any compensation, except in the cases of retirement, death, disability or change of control, where the RSUs are subject to an accelerated vesting at the date of termination/change of control.

4.4. OCCUPATIONAL BENEFITS

The executive committee members participate in the benefits plan available in the country of their employment contract. Benefits consist mainly of retirement, insurance and healthcare plans that are designed to provide a reasonable level of protection for the employees and their dependents with respect to retirement, risk of disability, death and health. The members of the executive committee with a Swiss employment contract participate in Bossard's pension plan offered to all employees in Switzerland, in which a base salary up to an amount of CHF 282,800 per annum is insured, as well as a supplementary plan in which earnings in excess of this limit are insured up to the maximum amount permitted by law. Bossard's pension benefits exceed the legal requirements of the Swiss Federal Law on Occupational Retirement, Survivors' and Disability Pension Plans (BVG) and are in line with what other international industrial companies offer. Members of the executive committee under foreign employment contracts are insured commensurately with market conditions and with their position. Each plan varies in line with the local competitive and legal environment and are, as a minimum, in accordance with the legal requirements of the respective country.

In addition, executive committee members are also eligible to standard perquisites, such as a company car, seniority awards, child allowance and other benefits in kind, according to competitive market practice in their country of contract. The monetary value of these other elements of compensation is evaluated at fair value and is disclosed in the compensation tables.

4.5. EMPLOYMENT CONTRACTS

The members of the executive committee are employed under employment contracts of unlimited duration with a notice period of six months, or twelve months for the CEO. Executive committee members are not contractually entitled to termination payments or any change-in-control provisions other than the early vesting of RSU awards mentioned previously.

5. COMPENSATION TO THE MEMBERS OF THE BOARD OF DIRECTORS AND OF THE EXECUTIVE COMMITTEE

5.1. COMPENSATION PAID TO CURRENT MEMBERS OF THE BOARD OF DIRECTORS FOR THE FISCAL YEARS 2015 AND 2014

In 2015, the members of the board of directors received a total compensation of CHF 1.2 million (2014: CHF 1 million) in the form of fixed compensation of CHF 0.6 million (2014: CHF 0.5 million), variable compensation of CHF 0.4 million (2014: CHF 0.4 million) and social security contributions of CHF 0.2 million (2014: CHF 0.1 million). Of the total amount, CHF 0.4 million was delivered in restricted shares (2014: CHF 0.4 million). The amounts for the fixed remuneration have remained unchanged since 2014. The increase in compensation compared to the previous year is due to the fact that there were seven board members in 2015 compared to five members in 2014. The chairman's variable compensation component in 2015 was 34 percent of the fixed component (2014: 38 percent). For the other board members, the variable compensation component came to 90 percent (2014: 100 percent).

The shares are priced at market value, less a reduction of approximately 16 percent for the three years lockup period. The purchase price was 90.40 CHF and took place one day after the annual general meeting of shareholders 2014.

In 2015, the annual general meeting of shareholders authorized a maximum compensation budget for the board of directors of CHF 1,500,000 for the period from May 1, 2015 to April 30, 2016. The board of directors (7 board members) was paid a total of CHF 1,172,647 for 2015 (2014: 996,558).

PAYMENTS TO FORMER MEMBERS OF THE BOARD OF DIRECTORS

In 2015, no compensation was paid to former members of the board of directors. 2014, Urs Fankhauser received compensation of CHF 182,327 (CHF 85,000 fixed, CHF 75,000 variable, CHF 22,327 social costs) for his final year in office, 2013/2014.

PAYMENTS TO RELATED PARTIES OF MEMBERS OF THE BOARD OF DIRECTORS

In 2015, as well as in 2014, no compensation was paid to related parties of present or former members of the board of directors.

LOANS AND CREDITS TO PRESENT OR FORMER MEMBERS OF THE BOARD OF DIRECTORS OR TO RELATED PARTIES

As of December 31, 2015 as well as of December 31, 2014 no such loans or credit payments existed to present or former members of the board of directors, or to related parties of present or former members of the board of directors.

5.2. COMPENSATION PAID TO CURRENT MEMBERS OF THE EXECUTIVE COMMITTEE FOR THE FISCAL YEARS 2015 AND 2014

In 2015, the members of the executive committee received a total compensation of CHF 5.1 million (2014: CHF 4.5 million) in the form of fixed compensation of CHF 2.5 million (2014: CHF 2.2 million), variable compensation of CHF 1.5 million (2014: CHF 1.3 million), other benefits of CHF 0.1 million (2014: CHF 0.1 million), RSU grant of CHF 0.4 million (2014: CHF 0.3 million) and social security/pension contributions of CHF 0.8 million (2014: CHF 0.7 million). Of the total amount, CHF 0.4 million was delivered in restricted shares (2014: CHF 0.6 million). The increase in compensation compared to the previous year is mainly due to the appointment of Dr. Frank Hilgers at the beginning of May 2015 to the executive committee. In 2015 the variable component of the compensation amounted to 78 percent of fixed compensation for the CEO (2014: 70 percent) and to 74 percent on average for the other executive committee members (2014: 72 percent). The size of the RSU grant in 2015 was slightly higher compared to 2014 due to expansion of the executive committee. The total expenses for the management participation plan offered to the executive committee and specified middle and senior managers amounted to CHF 1.2 million in 2015 (2014: CHF 1 million).

REPORT OF THE STATUTORY AUDITOR ON THE COMPENSATION REPORT

We have audited the compensation report of Bossard Holding AG for the year ended December 31, 2015. The audit was limited to the information according to articles 14 to 16 of the Ordinance against Excessive Compensation in Stock Exchange Listed Companies (Ordinance) contained in the note 5 on pages 48 to 50 of the compensation report.

Board of directors' responsibility

The Board of Directors is responsible for the preparation and overall fair presentation of the compensation report in accordance with Swiss law and the Ordinance against Excessive Compensation in Stock Exchange Listed Companies (Ordinance). The Board of Directors is also responsible for designing the compensation system and defining individual compensation packages.

Auditor's responsibility

Our responsibility is to express an opinion on the accompanying compensation report. We conducted our audit in accordance with Swiss Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the compensation report complies with Swiss law and articles 14 to 16 of the Ordinance.

An audit involves performing procedures to obtain audit evidence on the disclosures made in the compensation report with regard to compensation, loans and credits in accordance with articles 14 to 16 of the Ordinance. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements in the compensation report, whether due to fraud or error. This audit also includes evaluating the reasonableness of the methods applied to value components of compensation, as well as assessing the overall presentation of the compensation report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

OPINION

In our opinion, the compensation report of Bossard Holding AG for the year ended December 31, 2015 complies with Swiss law and articles 14 to 16 of the Ordinance.
