# Electrical Fasteners

Everything concerning cables

«Bossard delivers everything concerning cables – upon request in the fully-automatic logistics system.»

## EVERYTHING CONCERNING CABLES

# Electrical fasteners made by Bossard

---

Ask the expert regarding special requirements in the areas of electrical engineering and machinery industry, power plants, as well as railway and tunnel engineering.

### Comprehensive know-how

Bossard offers expertise regarding cable entry, cable connection technology, cable mounting, and cable protection. Benefit from technical consulting by our Bossard team of ten electrical experts. In addition, Bossard has partnered with strong brands with extensive know-how.

### Guaranteed security of supply

Bossard supports customers in the substantial reduction or even elimination of procurement costs along the entire supply chain. The logistics systems simplify procurement, lower warehousing costs, and prevent supply bottlenecks. Modern systems initiate purchase orders automatically at the correct point in time and in the correct quantity – logistics solutions Bossard's customers worldwide can trust.

### Bundled energy

With a broad range of electrical products, Bossard covers the requirements of the electrical engineering and machinery industry, power plants, the chemical sector, railway and tunnel engineering as well as many other markets. Together with the mechanical fastening technology, we serve the market fully and comprehensively. Bossard offers everything from one source.

## Cable glands

- Cable glands with metric thread
- Cable glands with PG/NPT thread
- Cable glands for hazardous areas
- Cable glands for the offshore area
- Sealing grommets
- Cable entry plates

## Contact parts

- Compression cable lugs and joints
- End sleeves
- Insulated solderless terminals
- Pin and female/male connection technology
- Crimping and pressing tools

## Cable ties

- Polyamide, TEFZEL, INOX cable ties
- Hook-and-loop ties
- Wing push cable ties
- Bead ties
- Labeling cable ties
- Assembly tools

## Cable mountings

- Cable tie mounts
- Adhesive backed mounts
- Screw mounts
- Clamps, clips
- Flat cable mounts
- Diverse mounts

## Industrial enclosures

- Enclosure systems for industrial applications
- Empty enclosures in ABS and PC
- Empty enclosures in aluminum
- NH fuse and load disconnecter housings
- Socket enclosures
- DIN rails

## Cable protection

- Corrugated tubing and accessories
- Braided sleeves
- Wiring duct
- Industrial ducts
- Connectors
- Distributors

## Shrinking technology

- Heat shrink tubing on reels
- Heat shrink tubing, ratio 2:1, in boxes
- Heat shrink tubing, ratio 3:1, in boxes
- Heat shrink tubing, ready length of 1 meter

## Cable identification

- Cable markers
- Labels
- Signs
- Manual markings

## STRONG PARTNERS

# Our brand representations

---

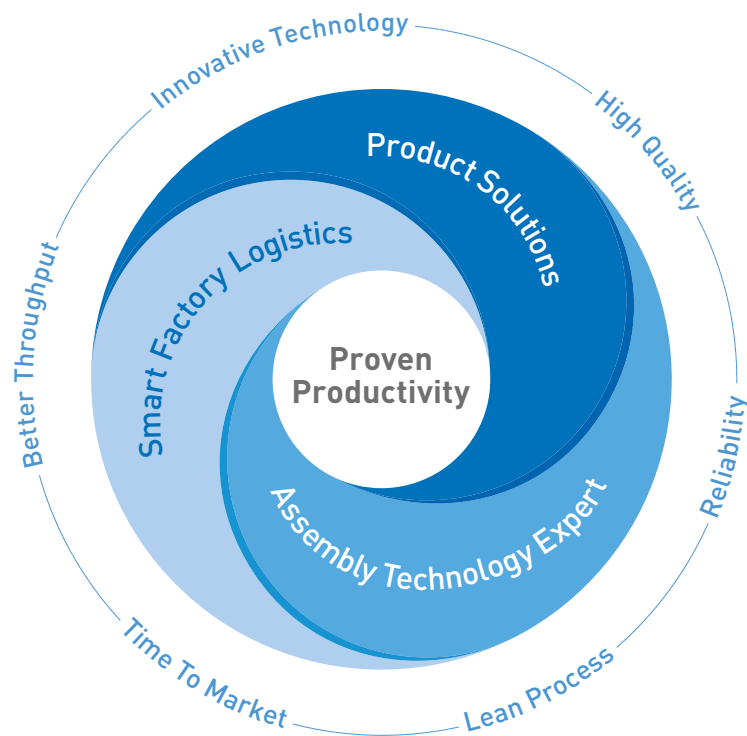

Representations of renowned manufacturers ensure a comprehensive range of innovative and high-quality solutions.

## PROVEN PRODUCTIVITY – A PROMISE TO OUR CUSTOMERS

# The strategy for success

---

From years of cooperation with our customers we know what achieves proven and sustainable impact. We have identified what it takes to strengthen the competitiveness of our customers. Therefore we support our customers in three strategic core areas.

Firstly, when finding optimal **Product Solutions**, that is in the evaluation and use of the best fastening part for the particular function intended in our customers' products.

Second, our **Assembly Technology Expert** services deliver the smartest solutions for all possible fastening challenges. Our services cover from the moment our customers developing a new product, to

assembly process optimization as well as fastening technology education for our customers' employees.

And thirdly, optimising our clients' productions in a smart and lean way with **Smart Factory Logistics**, our methodology, with intelligent logistics systems and tailor-made solutions.

Understood as a promise to our customers, "Proven Productivity" contains two elements: Firstly, that it demonstrably works. And secondly, that it sustainably and measurably improves the productivity and competitiveness of our customers.

And this for us is a philosophy which motivates us every day to always be one step ahead.
